

UI Design and Prototyping Report

David Giraldo Portfolio

1. Introduction

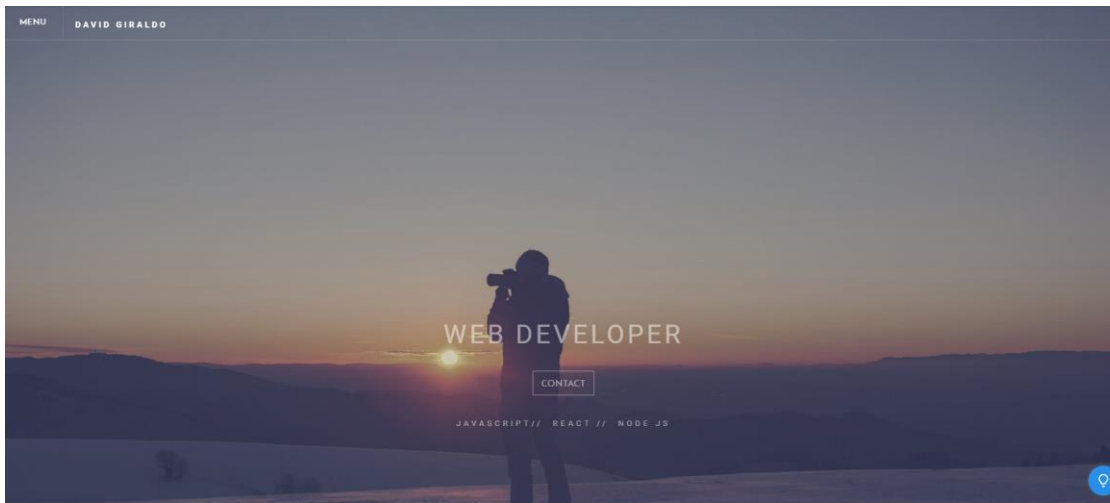

I want to create a responsive website where I can show a portfolio of different websites created by me so I can attract new customers and show my work, I want it to be responsive, well designed, I want to show features on this webpage so people know I can do that on theirs,

Features:

- I also want to include mini versions of the other webpages inside this one, Using the cards feature
- When an user hover on this mini websites they get bigger
- I also want that the website has login so I can manage easily the websites that are on display
- It also has to have a contact information tab and formulary for contact.
- Well-designed friendly landing page

2. User Interface Design and Prototype

WHO AM I?

Electronic Engineer with emphasis on mechatronics and telecommunications.

Interested in webdevelopment areas, process automation, telecommunications, blockchain and design innovation.

DESIGN AND IMPLEMENTATION

Valor Homes

Some days a motivational quote can provide a quick pick-me-up for employees and even management. They can be a breath of fresh air when it comes to a drab afternoon. These are also a great way to jazz up a newsletter or memo.

RECENT WORK

WEB DEVELOPMENT

Cambuche del Mono

Some days a motivational quote can provide a quick pick-me-up for employees and even management. They can be a breath of fresh air when it comes to a drab afternoon. These are also a great way to jazz up a newsletter or memo.

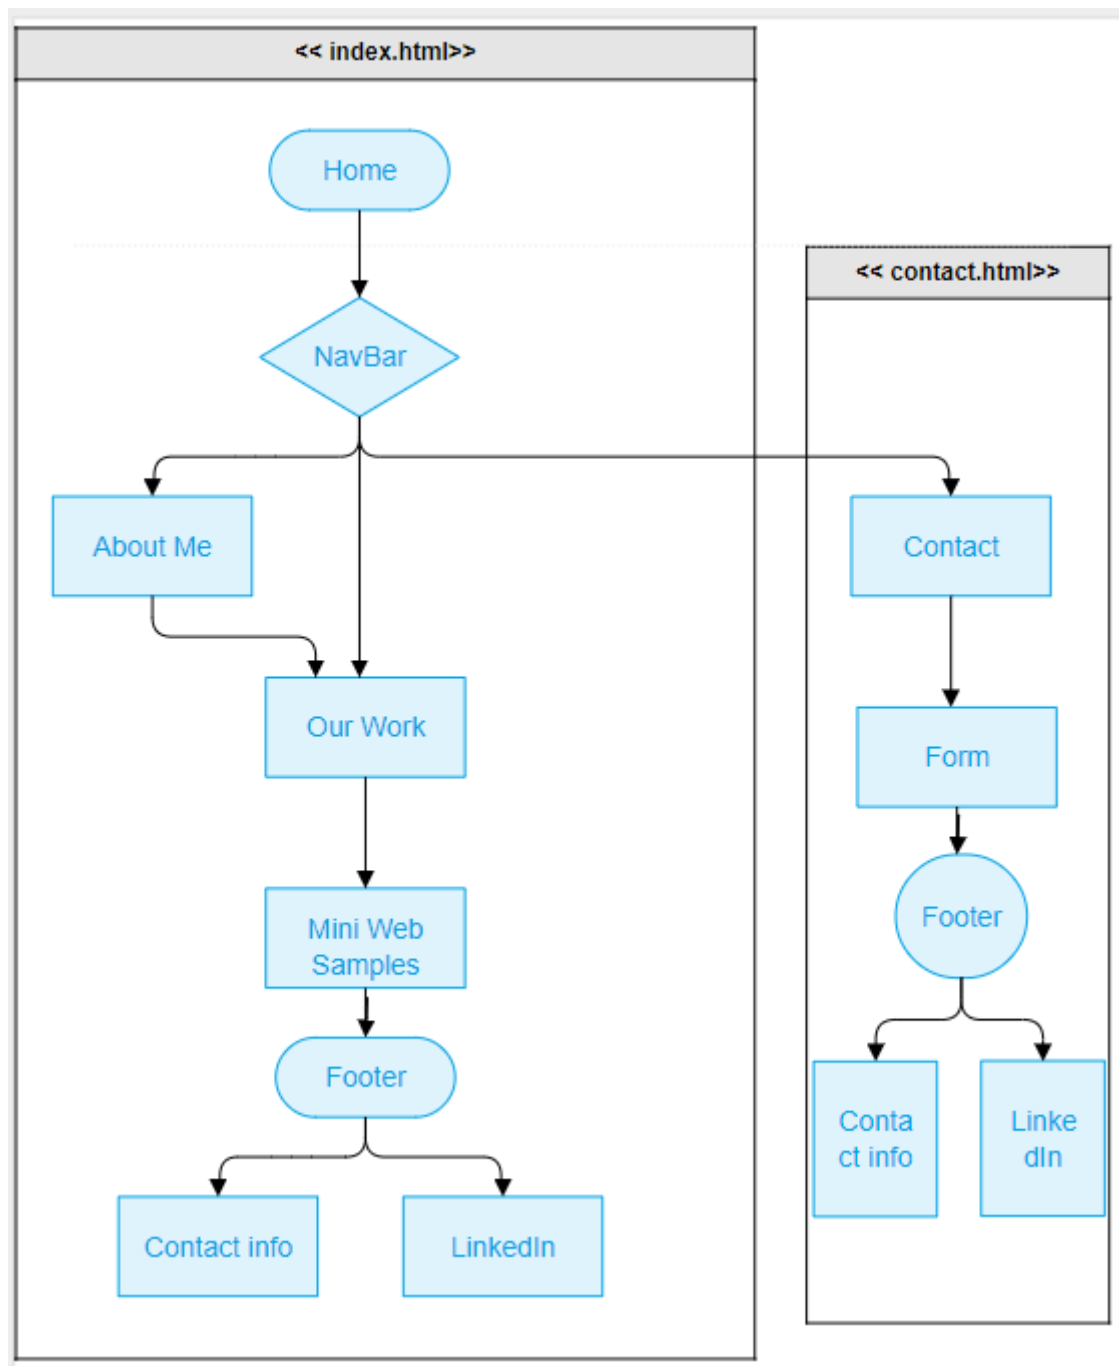

THIRD PROJECT

Third Project

Some days a motivational quote can provide a quick pick-me-up for employees and even management. They can be a breath of fresh air when it comes to a drab afternoon. These are also a great way to jazz up a newsletter or memo.
